Accessory Enclosure - Grey

"A range of weatherproof outdoor switches with a choice to install either our 10A MiniGrid™ or 20A Gridpro® Modules."

Robust Construction

- Polycarbonate construction
- High impact resistance
- UV protected against fading
- Ergonomic Design
- Smooth operation of switches
- Neutral modern design suitable for most locations
- Flexible rubber base allows for mounting on most types of uneven surfaces

Multiple Gland Entry Position

- Multiple knockouts (20mm) for entry from all angles

Weatherproof - IP66

- Offers high level of protection against ingress of water jets and dust

Multiple Switch Configurations

Designed to fit switched MiniGrid® Or GridPro® Modules (depending on which yoke purchased).

IP66 Weatherproof Switches
